

Ravager: Eradicate...Annihilate...Exterminate.." CD 17 February 2017 Iron Shiled Records. German Thrash Metal band. This young band started in 2014 and are already making a great album that will conquer the world of Thrash Metal. The band's logo is pretty cool and will remind you lot of the greatest, Get ready for the attack in two months. Influences : Destruction, Pitiful Reign, DRI, Nuclear Assault, Kreator...perfect 100/100

Shotgunner : "Feliz Navidad" MCD 2016 Asher Media/Self Produced. Canadian party band. Since the band Alestorm I must say I wasn't aware of that kind of music. 4 tracks of crazy family music revisited with lyrics dedicated to beers, drinking , parties etc... the great band for Wacken festival. I'm sure you all have already played it for XMas and will for the new year. Some might remember those songs as kids so get it via CDbaby or Bandcamp and support those crazy lads so they can buy
